Spring Edition

We're making your
Debit card *smarter*

Chip Card Update:

It isn't long before the new Chip Member card, complete with the latest in debit security technology, will be making its way into your wallet.

We are currently in the process of converting all our existing Members to this new technology by the end of 2011.

Members who have yet to convert their old Member/ATM cards are asked to make sure you switch to the new Chip card by December 31st, 2011, as you will not be able to use your old cards after this date.

If you have any questions or concerns please contact the branch and we would be more than happy to answer your questions or get you set up with your new Member card.
